Karen Wilding BA(Hons) is an experienced Primary Practitioner, Senior Manager and Local Authority Consultant who has worked for over twenty years within Early Years, Key Stage 1 and Key Stage 2. As both a Mathematics' Subject Leader and Primary Strategy Consultant, she has facilitated significant improvements in the teaching of mathematics in a wide range of settings in both the maintained and independent sectors.

Karen is now an Independent Consultant for Primary Mathematics whilst also continuing to work for Shropshire LA as a Primary School Improvement Consultant. As an associate of The National Centre for Excellence in Teaching Mathematics (NCETM), she is involved in the promotion of high quality maths provision on a local and national scale.

Karen is passionate about promoting a life long love of mathematics within every learner and teacher. She regularly produces and delivers CPD courses to teachers and teaching assistants and will create tailor-made packages of support for individual schools (or groups of schools) on a consultancy basis.

Please see the Karen Wilding Education website for further details and testimonies. [www.karenwildingeducation.co.uk](http://www.karenwildingeducation.co.uk)
